

Great Falls High School Band

Fair Share Program 2008-2009

The Fair Share Program is being established for the Great Falls High School Band to provide a cooperative means for the achievement of the operating budget for each year.

Policy and Procedure

1. The Fair Share for each student participating in the band program is determined by dividing the yearly budget for that program by the number of students in that program for that year.
2. Each Student is responsible for contributing this Fair Share amount. This contribution can be made by participation of the fund raisers provided during the year, by direct contribution, or by a combination of these two and the reductions listed below.
3. One Hundred percent (100%) of the profit made by the students for the fundraising shall be applied to their individual accounts reducing their amount until zero balance is achieved.

The GFHS Band Assessment for the 2008 - 2009 school year is as follows:

Band Members: \$200

2 or More Band Students in Same Family: \$300

Color Guard Members: \$100

Concert Band Members: \$50

Seven (7) fund-raisers will be available to earn your Fair Share.

Band Sponsorships (All Year):

- Easiest way to earn your Fair Share!
- Credited 100% for each dollar amount you collect from community businesses, friends, and relatives.

Football Concessions (September – October):

- The net profit for each football game will be divided among the parents who work the concession stand. (Each student may be represented by only 1 parent.)
- Estimated 50% profit.

Fruit Sales (October – December):

- Community loves this fundraiser - easy to sell!
- Oranges, grapefruit & apples - arrive by truck just in time for Christmas giving.
- Estimated 40% profit per box. (Profit is based on total number of boxes sold.)

Product Sales at Home Football Games (September – October):

- Temporary Face Tattoos / Drink Coozie Sales
- Estimated 50% profit for each product sold.

School Kick-Off Cook-Out (August):

- Estimated 50% profit for each ticket sold

End of School Year Cook-Out (April):

- Estimated 50% profit for each ticket sold
